

## Fourth year Lecture List Surgery & Allied Department Wise

Venue: Lecture Hall#5, Faculty Building, Eye Department

| S#                    | No# | Date       | Day                          | Time                | Basics of Surgery   | Consultant              |  |
|-----------------------|-----|------------|------------------------------|---------------------|---|-------------------------|--|
| 1                     | 1   | 10-12-2019 | Tuesday                      | 9:00:00 AM - 9:50AM | Fluid Management in a Surgical Patient  | Prof Khawaja M Azim     |  |
| 2                     | 2   | 17-12-2019 | Tuesday                      | 9:00:00 AM - 9:50AM | Electrolyte imbalance in a surgical patient   | Prof Khawaja M Azim     |  |
| 3                     | 3   | 24-12-2019 | Tuesday                      | 9:00:00 AM - 9:50AM | Analysis of ABGs and basics of acid base disorder management                          | Prof Khawaja M Azim     |  |
| 4                     | 4   | 31-12-2019 | Tuesday                      | 9:00:00 AM - 9:50AM | Nutrition in a Surgical patient: Enteral nutritional support                          | Prof Humad Naeem Rana   |  |
| 5                     | 5   | 07-01-2020 | Tuesday                      | 9:00:00 AM - 9:50AM | Parenteral nutritional support and its practical application                          | Prof Humad Naeem Rana   |  |
| 6                     | 6   | 14-01-2020 | Tuesday                      | 9:00:00 AM - 9:50AM | Wound healing/Care and its clinical application                                       | Prof Humad Naeem Rana   |  |
| 7                     | 7   | 21-01-2020 | Tuesday                      | 9:00:00 AM - 9:50AM | Cellular and Tissue Diagnosis   | Dr Rizwan Ahmed Khan    |  |
| 8                     | 8   | 28-01-2020 | Tuesday                      | 9:00:00 AM - 9:50AM | Laparoscopy and laparoscopic surgery  | Prof Asghar Ali         |  |
| 9                     | 9   | 04-02-2020 | Tuesday                      | 9:00:00 AM - 9:50AM | Approach to a patient in surgical emergency   | Prof Asghar Ali         |  |
| 10                    | 10  | 11-02-2020 | Tuesday                      | 9:00:00 AM - 9:50AM | Basic surgical skills for medical Graduate: An overview                               | Prof Asghar Ali         |  |
| 11                    | 11  | 18-02-2020 | Tuesday                      | 9:00:00 AM - 9:50AM | <b>Surgery Assessment-I (Dr Hasham Ashraf)</b>  | <b>Dr Hasham Ashraf</b> |  |
| <b>Neurosurgery</b>   |     |            |                              |                     |   |                         |  |
| 12                    | 1   | 25-02-2020 | Tuesday                      | 9:00:00 AM - 9:50AM | Head injury: Neurosurgical Perspective  | Prof Tariq Salahudin    |  |
| 13                    | 2   | 03-03-2020 | Tuesday                      | 9:00:00 AM - 9:50AM | Head injury: Neurosurgical Perspective- Management                                    | Prof Tariq Salahudin    |  |
| 14                    | 3   | 10-03-2020 | Tuesday                      | 9:00:00 AM - 9:50AM | Assessment and Management of spine injury 1   | Prof Tariq Salahudin    |  |
| 15                    | 4   | 17-03-2020 | Tuesday                      | 9:00:00 AM - 9:50AM | Assessment and Management of spine injury 2   | Prof Tariq Salahudin    |  |
| 16                    | 5   | 24-03-2020 | Tuesday                      | 9:00:00 AM - 9:50AM | Brain Tumors  | Prof Tariq Salahudin    |  |
| <b>Trauma Surgery</b> |     |            |                              |                     |   |                         |  |
| 17                    | 6   | 31-03-2020 | Tuesday                      | 9:00:00 AM - 9:50AM | Approach to a patient with trauma   | Dr Talat Waseem         |  |
|                       |     | 07-04-2020 | <b>SPRING BREAK( 1 week)</b> |                     |   |                         |  |
| 18                    | 7   | 14-04-2020 | Tuesday                      | 9:00:00 AM - 9:50AM | Management of a trauma patient  | Dr Talat Waseem         |  |
| 19                    | 8   | 21-04-2020 | Tuesday                      | 9:00:00 AM - 9:50AM | Secondary survey in assessment and trauma patient                                     | Dr Talat Waseem         |  |
| 20                    | 9   | 28-04-2020 | Tuesday                      | 9:00:00 AM - 9:50AM | Prehospital management of a trauma patient  | Dr Talat Waseem         |  |
| 21                    | 1   | 05-05-2020 | Tuesday                      | 9:00:00 AM - 9:50AM | Blunt abdominal trauma  | Dr Talat Waseem         |  |
| 22                    | 2   | 12-05-2020 | Tuesday                      | 9:00:00 AM - 9:50AM | Penetrating abdominal trauma  | Dr Talat Waseem         |  |
| 23                    | 3   | 19-05-2020 | Tuesday                      | 9:00:00 AM - 9:50AM | Extremity trauma  | Dr Talat Waseem         |  |
| 24                    | 4   | 26-05-2020 | Tuesday                      | 9:00:00 AM - 9:50AM | Head injury- Initial Support  | Dr Talat Waseem         |  |
| 25                    | 5   | 02-06-2020 | Tuesday                      | 9:00:00 AM - 9:50AM | Spine injury- Initial Support   | Dr Talat Waseem         |  |
| <b>Orthopedics</b>    |     |            |                              |                     |   |                         |  |
| 26                    | 1   | 12-12-2019 | Thursday                     | 9:50 AM - 10:40AM   | Introduction to Orthopedics and its Scope   | Dr Muhammad Saleem      |  |
| 27                    | 2   | 19-12-2019 | Thursday                     | 9:50 AM - 10:40AM   | Classification of types of fractures, fracture healing and factors responsible for it | Dr Muhammad Saleem      |  |
| 28                    | 3   | 26-12-2019 | Thursday                     | 9:50 AM - 10:40AM   | Principles of fracture management & Fracture Tibia                                    | Dr Muhammad Saleem      |  |
| 29                    | 4   | 02-01-2020 | Thursday                     | 9:50 AM - 10:40AM   | Compartment syndrome  | Prof. M.A Wajid         |  |
| 30                    | 5   | 09-01-2020 | Thursday                     | 9:50 AM - 10:40AM   | Club foot and developmental dysplasia Hip   | Dr Muhammad Saleem      |  |
| 31                    | 6   | 16-01-2020 | Thursday                     | 9:50 AM - 10:40AM   | Open fractures and their Management   | Dr Usman Sarwar         |  |
| 32                    | 7   | 23-01-2020 | Thursday                     | 9:50 AM - 10:40AM   | Osteoarthritis and Rheumatoid Arthritis   | Prof. M.A Wajid         |  |
| 33                    | 8   | 30-01-2020 | Thursday                     | 9:50 AM - 10:40AM   | Seronegative and seropositive inflammatory arthropathies                              | Dr. Imran               |  |
| 34                    | 9   | 06-02-2020 | Thursday                     | 9:50 AM - 10:40AM   | Acute and chronic septic arthropathies  | Dr Usman Sarwar         |  |
| 35                    | 10  | 13-02-2020 | Thursday                     | 9:50 AM - 10:40AM   | Overview of metabolic bone disorders  | Prof. M.A Wajid         |  |
| 36                    | 11  | 20-02-2020 | Thursday                     | 9:50 AM - 10:40AM   | Benign and Malignant Bone Neoplasms   | Dr Ali Shiekh           |  |
| 37                    | 12  | 27-02-2020 | Thursday                     | 9:50 AM - 10:40AM   | Low back pain/Neck pain management  | Dr Imran Manzoor        |  |
| 38                    | 13  | 05-03-2020 | Thursday                     | 9:50 AM - 10:40AM   | Pathology of osteoarthritis of hip and knee   | Dr Usman Sarwar         |  |
| 39                    | 14  | 12-03-2020 | Thursday                     | 9:50 AM - 10:40AM   | Fracture of clavicle & Humerus  | Dr M Ali Sheikh         |  |
| 40                    | 15  | 19-03-2020 | Thursday                     | 9:50 AM - 10:40AM   | Fractures of neck of femur & Shaft  | Dr Imran Manzoor        |  |
| 41                    | 16  | 26-03-2020 | Thursday                     | 9:50 AM - 10:40AM   | Fractures of elbow and wrist  | Dr Ali Shiekh           |  |
| 42                    | 17  | 02-04-2020 | Thursday                     | 9:50 AM - 10:40AM   | Polytrauma patient & pelvic fractures   | Prof. M.A Wajid         |  |
|                       |     | 09-04-2020 | <b>SPRING BREAK( 1 week)</b> |                     |   |                         |  |
| 43                    | 18  | 16-04-2020 | Thursday                     | 9:50 AM - 10:40AM   | <b>Orthopedics Assessment by Dr Muhammad Saleem</b>                                   |                         |  |

| Urology                                   |    |            |          |                     |   |                      |
|---|----|------------|----------|---------------------|---|----------------------|
| 44  | 1  | 23-04-2020 | Thursday | 9:50 AM - 10:40AM   | Renal trauma grades, Renal trauma, Etiology and Ureteric trauma   | Dr Irfan Nazir       |
| 45  | 2  | 30-04-2020 | Thursday | 9:50 AM - 10:40AM   | Bladder Trauma & Urethral injury                                  | Dr Irfan Nazir       |
| 46  | 3  | 07-05-2020 | Thursday | 9:50 AM - 10:40AM   | Upper urinary & Lower urinary tract infections                    | Dr Irfan Nazir       |
| 47  | 4  | 14-05-2020 | Thursday | 9:50 AM - 10:40AM   | Hydronephrosis & Etiology   | Dr Farooq Ahmed      |
| 48  | 5  | 21-05-2020 | Thursday | 9:50 AM - 10:40AM   | Laboratory Investigations & Radiologic Investigations             | Dr Farooq Ahmed      |
| 49  | 6  | 28-05-2020 | Thursday | 9:50 AM - 10:40AM   | Renal stones and Acute Renal colic                                | Dr Irfan Nazir       |
| 50  | 7  | 04-06-2020 | Thursday | 9:50 AM - 10:40AM   | Kidney Tumors   | Dr Irfan Nazir       |
| 51  | 8  | 11-06-2020 | Thursday | 9:50 AM - 10:40AM   | Testicular Torsion & Varicoceles                                  | Dr Irfan Nazir       |
| 52  | 9  | 16-07-2020 | Thursday | 9:50 AM - 10:40AM   | Etiology of Bladder outlet Obstruction                            | Dr Irfan Nazir       |
| 53  | 10 | 23-07-2020 | Thursday | 9:50 AM - 10:40AM   | Bladder Tumors  | Dr Irfan Nazir       |
| 54  | 11 | 06-08-2020 | Thursday | 9:50 AM - 10:40AM   | Prostate Tumors   | Dr Irfan Nazir       |
| 55  | 12 | 13-08-2020 | Thursday | 9:50 AM - 10:40AM   | Upper urinary & Lower urinary tract infections                    | Dr Farooq Ahmed      |
| 56  | 13 | 20-08-2020 | Thursday | 9:50 AM - 10:40AM   | Bladder stones  | Dr Farooq Ahmed      |
| 57  | 14 | 27-08-2020 | Thursday | 9:50 AM - 10:40AM   | Infection of Testes & Scrotum                                     | Dr Farooq Ahmed      |
| 58  | 15 | 03-09-2020 | Thursday | 9:50 AM - 10:40AM   | Urology Assessment by Dr Irfan Nazir                              |                      |
| Anesthesia                                |    |            |          |                     |   |                      |
| 59  | 1  | 09-06-2020 | Tuesday  | 9:00:00 AM - 9:50AM | Intensive care unit and high dependency unit                      | Dr Amir Bashir       |
| <b>SUMMER BREAK ( 15th june -10 july)</b> |    |            |          |                     |   |                      |
| 60  | 2  | 14-07-2020 | Tuesday  | 9:00:00 AM - 9:50AM | Pathophysiology & anaphylactic shock                              | Dr Amir Waseem       |
| 61  | 3  | 21-07-2020 | Tuesday  | 9:00:00 AM - 9:50AM | Monitoring an anesthetized patient                                | Dr Amir Bashir       |
| 62  | 4  | 28-07-2020 | Tuesday  | 9:00:00 AM - 9:50AM | Indications and methods of administering local anesthesia         | Prof Muhammad Mubeen |
